OWNED

## DECINA IS A 100% AUSTRALIAN OWNED, MANUFACTURER & SUPPLIER OF BATHS, SPA BATHS & SHOWERS, SINCE 1989.

- Decina has been designing, manufacturing & innovating bathroom ware for over 30 years, creating a comprehensive range of baths, spa baths, showers, toilet suites, basins, towel warmers, tapware & accessories for every style & budget. Find your inspiration at [decina.com.au](http://decina.com.au)
- All Decina products are manufactured to stringent Australian Standards, so you can be assured our products are consistently safe & reliable.
- Decina's design & manufacturing teams are experts in acrylic bath & spa bath technology with decades of experience. This combination of skill, premium materials, innovative design & rigorous testing, creates bathroom ware that is superior in style, strength & safety.
- When you choose Decina, you join leading architects, designers & builders who continue to select Decina as their first choice for hundreds of prestigious projects across Australia & overseas.
- Every Decina product is backed with a competitive warranty, for a long lasting, luxury bathroom.

Thank you for choosing Decina.

### AUSTRALIAN STANDARDS

All products manufactured & sold by Decina comply with the following Australian Standards:

BATHS AS 2023:1995 | SPA BATHS AS 3861:1991

SHOWER TOWERS AS 3718:2005 | SHOWER SCREENS AS 1288:2006 | SHOWER BASES & SHOWER WALLS AS 3588:1996

Decina Bathroomware Pty Ltd | ABN 39 845 084 033

## SOME THINGS YOU MAY LIKE TO KNOW...

Decina's premium selection of inclusions, additional features & accessories allow you to indulge in & customise your bathroom like never before!

All Decina baths/spa baths can be ordered with an optional, exclusive Decina chrome pop-up plug, with an easy to clean, removable jewellery & hair catcher.

All Decina Dolce Vita spa baths feature flush fingertip adjustable Mini & Maxi jets, Air Controls & flush Suction covers, in your choice of chrome, black or white, with a stainless-steel trim.

A selection of Decina's baths/spa baths can be fitted with an optional overflow outlet, which takes any excess water back to the waste.

A BASE FRAME is a factory fitted, galvanised steel base support frame with adjustable, self-levelling legs. Available for order with most Decina baths/spa baths & an included feature on all Dolce Vita spa baths, it makes for immediate, on-site installation.

EZI FRAME is a separate steel base support frame with adjustable, self-levelling legs. Available for order with select Decina baths/spa baths, it is simply glued on-site to the bath base.

EZI FEET are self-levelling feet, available for order with select Decina inset baths/spa baths. Simply screw them into the factory fitted support feet on-site & pull the string to level the bath onto the floor.

EZI CLEAN is an exclusive coating on all Decina shower screens. This unique, premium glass treatment prevents the build-up of soap scum reducing cleaning time considerably.

Accessorize your bath or spa bath with Decina's luxury bath caddy. Made from premium, treated Bamboo it comes with a matching Bamboo soap dish & dispenser - **BC001**

MADE IN AUSTRALIA

All Decina spa baths are **ASSEMBLED IN AUSTRALIA** & hand tested before dispatch & delivery.

## INSET BATHS & SPA BATHS

Inset baths & spa baths are the ideal space saving solution, perfect for bathroom renovations & shower bath applications. Decina's innovative four-sided tile bead, allows an inset bath to be integrated into a tiled wall, to create a flush, watertight finish.

## ISLAND BATHS & SPA BATHS

As the name suggests, an island bath can be set away from walls, creating an 'island' style focal point. While the tiled edge of the bath hob, is functional & can be used for seating or storage.

All Decina's inset & island baths/spa baths can be fitted with an optional overflow outlet, which takes any excess water back to the waste.

A **BASE FRAME** is a factory fitted, galvanised steel base support frame with adjustable, self-levelling legs. Available for order with most Decina baths/spa baths & an included feature on all Dolce Vita spa baths, it makes for immediate, on-site installation.

**EZI FRAME** is a separate steel base support frame with adjustable, self-levelling legs. Available for order with select Decina baths/spa baths, it is simply glued on-site to the bath base.

**EZI FEET** are self-levelling feet, available for order with select Decina inset baths/spa baths. Simply screw them into the factory fitted support feet on-site & pull the string to level the bath onto the floor.

## SHOWER COLLECTION

Decina's shower collections are recognised as offering the best value & quality products, with several installation applications to suit your needs.

- Seals & strips are anti-fungal & UV resistant
- Screens feature an easy install gasket wall system
- Wall channels have caps for easy cleaning
- Screen doors feature a drip strip & magnetic seals

EZI CLEAN is an exclusive coating on all Decina shower screens. This unique, premium glass treatment prevents the build-up of soap scum reducing cleaning time considerably.

## BATH SHOWER SCREENS

### BATH SHOWER COLLECTION

Decina's bath shower screens offer innovative space saving designs that combine the best value & quality products, with several installation applications to suit your needs.

- Seals & strips are anti-fungal & UV resistant
- Screens feature an easy install gasket wall system
- Wall channels have caps for easy cleaning
- Screens feature a drip strip

EZI CLEAN is an exclusive coating on all Decina shower screens. This unique, premium glass treatment prevents the build-up of soap scum reducing cleaning time considerably.

## CASCADE

### FIXED & SWING PIVOT PANEL BATH SHOWER SCREEN - 6mm Toughened Glass, Chrome Fittings/Clear Glass

This space saving design is a smart solution for rectangular baths with a tile bead. Featuring a fixed panel supported by a chrome wall arm & a handle on the swing panel, that prevents finger marks on the glass.

- Adjustable 485mm wide swing panel rotates up to 270 degrees
- Concealed fittings on the inside of the channel

SIZE (w) x (h) mm  
1037 x 1500 CAFSC

Gasket sealed wall channel allow  $\pm 8$ mm adjustability for precise installation

Decina is synonymous for innovation & this passion has led to the development of three exclusive bath & spa bath base support installation systems. Featuring height adjustable, self-supporting feet, these base support solutions protect the bath's warranty & simplify installation by eliminating the need for further base support, such as expensive steel framing, wet bed slurry or a mortar bed\*.

Almost all Decina baths & spa baths can be fitted with at least one of the three base support solutions.

### BASE FRAME

The BASE FRAME is an optional structural, bath support frame that is suitable for nearly all Decina bath & spa bath models (*over 1400mm in length*) & comes as standard on ALL Dolce Vita spa baths. This galvanized steel frame is factory fitted & fibreglass bonded to the base of the bath, making it ready for immediate on-site installation.

We recommend all baths & spa baths ordered with an overflow should be fitted with a BASE FRAME for elevation.

- Height adjustable feet add 90-120mm
- Time saving, easy installation

RECTANGLE STEEL BASE SUPPORT FRAME TAP002

CORNER STEEL BASE SUPPORT FRAME TAP004

### EZI FRAME

The EZI Frame is an optional structural, bath support frame that is suitable for select Decina rectangle & oval baths & spa baths (*between 1500-1800mm in length*). This steel frame is adhered to the base of the bath on-site, by the installer or builder. At least 48 hours drying time is required for the adhesive, before the bath can be installed & the adjustable, self-leveling feet are simply screwed down to touch the sub floor.

- Height adjustable feet add 55-170mm
- Low cost, easy & time saving installation

SMALL (*end waste 1500mm baths*) EZF001

LARGE (*end waste 1600/1700/1800mm baths*) EZF002

CENTRE WASTE (*small centre waste baths*) EZF003

CENTRE WASTE (*large centre waste baths*) EZF004

### EZI FEET

EZI FEET are an optional support system suitable for select Decina inset baths & spa baths. These adjustable, self-leveling feet offer an easy, on-site installation process, they simply screw into the factory fitted support feet in the base of the bath & then by pulling the string they are wound down to touch the sub floor.

- Height adjustable feet add 50mm-120mm
- Low cost, easy & time saving installation

EZI FEET (*pack of 5*) EZF005

\*If being used as a shower bath installation an additional mortar base support is required between the frame & the floor.

SPA BATH COMPONENTS		DESCRIPTION	SANTAI	CONTOUR	DOLCE VITA
Mod Air Control		Regulates air flow to the jet system ( <i>low profile</i> ).	✓	-	-
Mod Mini Jet		Provides a concentrated body & foot massage ( <i>low profile</i> ).	✓	-	-
